Vegetable Oils

Leith Sourcing, LLC was founded as a sales agency and distributor focused on specialty chemicals, formulations, and technologies, complimented with select commodity chemicals, to serve the Midwest region of the United States.

We focus on determining the customer's needs and sourcing any ingredient, formulation, or technology that will satisfy their requirements, from commodities to specialties, serving many industries including:

- Agricultural
- Food
- Metalworking
- Personal Care
- Automotive Specialties
- HI&I
- Nutraceutical
- Pharmaceutical

If you do not see what you are looking for on this list, please visit our website or contact us, as this is not a complete list.
